The Scientific Review Panel on Toxic Air contaminants (SRP), established pursuant to Health and Safety Code Section 39670, will hold a public meeting at the time and place set forth below.

DATE: Monday, June 10, 1991

TIME: 10:00 a.m.

PLACE: Arnold and Mabel Beckman Center
National Academy of Science Building
Lecture Room
100 Academy Drive
Irvine, California

AGENDA

1. Consideration of Air Resources Board (ARB)/Department of Health Services (DHS) Report Regarding the Identification of Perchloroethylene as a Toxic Air Contaminant
2. Discussion of Future SRP Meeting Dates

INFORMATION

The SRP is charged with reviewing for scientific adequacy the risk assessment reports prepared by the ARB, DHS, and Department of Food and Agriculture. These reports are used at a public hearing by the ARB or the Department of Food and Agriculture to determine whether a substance or pesticide should be identified as a toxic air contaminant. Written comments or submissions from the public regarding a report submitted to the SRP for review which are received on a timely basis will be considered by the SRP at its public meeting. Information regarding submission of comments or information is provided when the report is released for public review. The SRP does not accept written or oral comments from the public at its meetings. For further information on the meeting or to obtain the ARB report, please contact:
